2. Title/ Theme of the program - Use of ICT tool in Teaching
3. Date /~~Time~~: August 11, 2020 to May 15, 2021 Venue: NA (online)
4. Level of the Activity: College Level
5. Total Number of beneficiaries- 127(T.Y-53, SY-42, FY-32)
6. Brief report –

This year under COVID 19-Pandemic condition, all lectures were conducted **online** using **Google Meet Platform** and attendance for the lecture was collected by using Extension **Google Meet Attendance**, downloaded from **Chrome Web Store**. Lectures were taken using **laptop**. Each topic was taught either through **PPT presentation** or **sharing PDF**, or in **Onenote using Veikk Pen tablet** (serve the purpose of white board and coloured pens). Syllabus/Study materials/Notices provided to the students in **Google Classroom**. Three **whatsapp groups** (F.Y.B.Sc., S.Y.B.Sc. and T.Y.B.Sc.) were created, where any academic information, doubts, good thoughts, notices, brochures for intercollegiate competitions, webinars etc., were shared. The hand written study materials were scanned using **Doc scanner app** in mobile and shared by **mail** or **whatsapp** as PDF and downloaded on the system. The PDF was finally presented to the students while teaching in **Google Meet Platform** and shared as study material in **Google classroom**. Assignments were given to students in **Google Classroom**. Class tests/Quiz conducted using **Google forms**. **Twelve YouTube videos** on the topics included in the University B.Sc. Syllabus were prepared and published for the benefit of students. T.Y.B.Sc. Preliminary examination conducted using **Google forms**. T.Y.B.Sc. students gave online **PPT presentation** on the topic “Nucleic Acids”. Students prepared wonderful **videos** on the project titled "The Ten World Great Chemist and their Contributions" and "The BOON and CRUSE of Chemistry towards Environment". Some students presented the same topic through PPT. Registration and feedback forms for the course “Teach India Spoken English for Employability” were prepared using **Google Forms**. Feedback form for the activity “Thought Sharing” was prepared using **Google Forms**. **Link** for the respective Google form was created and sent to students through whatsapp. Students filled the form and submitted online. All important and large size documents, photographs were stored and shared using **Google Drive**.

By using ICT tools, teaching and learning was extended beyond the four walls of classroom and further this practice had reduced the use of paper drastically. It also reduced the time of assessment and analysis of the feedback forms was done automatically.
