The course was conducted by Teach India, an initiative of The Times of India, in collaboration with British Council. 4	31-07-2019 to 18-09-2019	Group Discussion	Students were asked to form groups and decide a topic of their choice to be discussed. Helps students to exchange their views and arrive at well informed conclusions on the topic.	99

6	Aug-Sept 2019 & Feb 2020	Remedial Coaching	Was conducted for students who had failed in semester I and II. All topics from the syllabus, the question paper and the question bank were revised.	61

7	Sept-Oct 2019	Class tests	It is proved that a student's performance is directly linked to his grasping and retaining ability. A student should know word spellings and meanings to understand what is taught in a subject and subsequently, asked in the examination. Many of our students come from vernacular medium and with no access to reading material in English at home. These tests were conducted to help students learn spellings of words they encounter in the subject of Business Communication.	314
8	26-09-2019 & 7-10-2019	Mentor-Mentee meet	The concept of mentorship has been introduced at the first-year level from 2019-20. It is believed and is also our experience that the 18-year-olds are the most in need of counselling and guidance as they have just stepped out of their cozy environment in schools or junior college. Two meetings were conducted with a group of 55 students where some of them shared their academic and related problems. We tried to find solutions together, wherever possible.	55
9	07-10-2019 to 08-01-2020	Spell-O-Fun	It is a word game which is ideally played by 2 or 4 players, who score points by placing alphabet tiles, one at a time by each player, on the board, to form words. In the class this was played on the black board. Helps students to bond with each other and to improve their vocabulary.	86
10	02-12-2020	Confidence Building Activity	Resource person: Ms Sneha Dixit- Student Counsellor. She played a game of confidence building with students. It was observed that though these students had been learning together for more than six months, many hardly knew each other or mindfully notice others. The activity helped them to become aware of the self-imposed restrictions which become an impediment in communicating and forming meaningful relationships.	141
11	06-12-2019 to 20-12-2019	Taboo	Is a word guessing game played between two teams. The game consists of cards with the guess word, the taboo words and a timer. A player has to let his partners guess the word on the card given by the other group, without giving them the taboo words. Helps to improve vocabulary.	98
12	28-02-2020	Igniting Young Minds (Spell-O-Fun)	Std IX students from P.A.Menon School were invited, as a part of Community Outreach Programme, to be mentored by the Sr. College teaching staff of V.K.K.M College. This mentorship was a fun way of improving vocabulary and instilling a sense of healthy competition among classmates.	70
